

# Deep Stabbings

stabbing is deep

deep is harsh

especially with a knife that's gonna  
take away your life over a  
stupid knife

I just wonder if i could be the knife  
would i like killing people

would i like going inside a person  
with their blood covered over me  
touching an arse

Now what will people think of me  
would i be useless

would i be rinsed off and put back in  
the draw

~~is~~ No... but my owner through me  
away ~~to the~~

and ~~got~~ my brother from a different  
bought

store.
