BROAD STREET VISUALS

Young artists participating in the
visuals programs at Broad Street Studio
have the opportunity to express themselves
through paint, pencil, collage, clay,
photography, graphics, graffiti, and print.

Youth gain access to a variety of mediums
teaching styles, local artists, and exhibitions.

This access equips youth with the necessary
tools to explore their creative potential to the
fullest. As young artists, they develop their
skills and portfolios through individual and
collaborative work. This creative output
helps them build a supportive network of
artist and extend their craft into the community.
