

# Evaluation Form #3

Name (optional):

Email Address: (deleted for tester's privacy)

---

Device Used:Dell Axim X30

Operating System:Windows Mobile 2003 Second Edition

Program Version: Beta 1.5

---

Did you have any problems installing the program? no

Did you have any problems running the program? No

Did you have any problems navigating through the program? No

Did you notice any bugs in the program (please be specific), such as cut-off text?

Does not work in Landscape mode (still thinks it is in Portrait mode when it displays,cutting off the bottom of the information about the course display)See my screenshot.

Does not find database when database is on a storage card or in Built-in-Storage (Program is in Main Memory.)

Please list any suggestions you have for future builds:

Please make the databases accessible from File Explorer
