1. My eyes See the fear upon a face
2. burning eyes feel the blaze in the engine.
3. Heavy eyes feel the pull of a spinning whirl-pool
4. Devious eyes scope out the wrong paths that lead to the end of the world.

IN MY EYES

In my eyes I see the lonely paths soon to be on the rise.
I see myself ~~to~~ grabbing options and taking people by surprise.
In my eyes I'm just a vulture taking in all I can
In my eyes all I see is my destiny at hand
In my eyes I see the color of the world in the dark.
In my eyes all I see is just a blunt being sparked.

must be luckless

It's time for me to check out myself and
realize.

that it's all about survival in my head
and in my eyes.
